'5 Disguises' used by Human Traffickers

iEmpathize-Empower Youth Program
www.iempathize.org

1 - Pretender -- Someone who pretends to be something s/he is not, such as a boyfriend, a big sister, a father, etc.

2 - Provider -- Someone who offers to take care of an individual's needs, such as for clothes, food, a place to live, etc or their wants, like cool cell phones, purses, parties, etc.

3 - Promiser -- Someone who promises access to great things, like an amazing job, a glamorous lifestyle, travel, etc.

4 - Protector -- Someone who uses physical power or intimidation to protect (but also control) an individual.

5 - Punisher -- Someone who uses violence and threats to control an individual. When the previous disguises have been exhausted, an exploitative person often becomes a Punisher to maintain control.

Human trafficking is a crime involving the exploitation of someone for the purposes of compelled labor or a commercial sex act through the use of force, fraud, or coercion. Human trafficking affects individuals across the world, including here in the United States, and is commonly regarded as one of the most pressing human rights issues of our time. Human trafficking affects every community in the United States across age, gender, ethnicity, and socio-economic backgrounds.

Human trafficking is a form of modern-day slavery in which traffickers use force, fraud, or coercion to control victims for the purpose of engaging in commercial sex acts or labor services against his/her will.

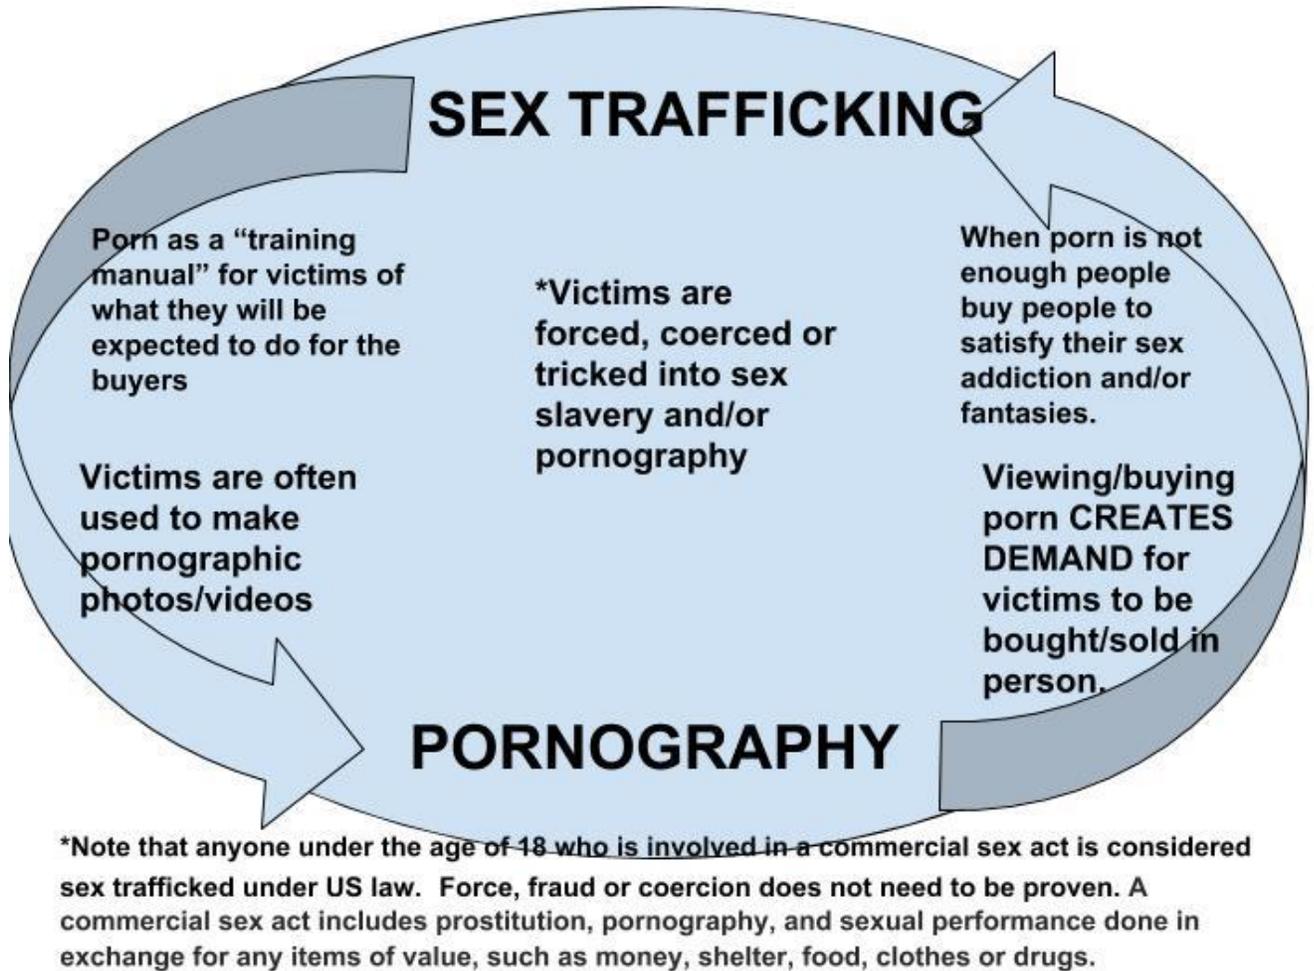

Sex trafficking is the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purposes of a commercial sex act, in which the commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such an act has not attained 18 years of age (22 USC § 7102).

Sex trafficking has been found in a wide variety of venues within the sex industry, including residential brothels, escort services, fake massage businesses, strip clubs, and street prostitution.

Labor trafficking is the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purposes of subjection to involuntary servitude, peonage, debt bondage, or slavery, (22 USC § 7102).

Labor trafficking has been found in diverse labor settings including, domestic work, small businesses, large farms, and factories.

The Sex Trafficking and Pornography Links

- You can't be anti-sex trafficking and pro-porn. They are often one in the same.
- If you look at porn you contribute to the problem of sex trafficking.
- Porn creates the demand for the buying and selling of human beings for sex.
- Sexting as a minor with another minor or an adult is considered child pornography and can be charged and prosecuted as such. If someone shows someone else the content for a monetary or material gain that person just became a sex trafficker and can be charged and prosecuted as such. If an individual forwards the content to others they can be charged and prosecuted as “distributors” of child pornography. These are all very serious offenses.

Online Safety Do's and Don'ts

- ✓ **Don't** give out personal information to acquaintances or strangers.
- ✓ **Don't** post blogs or messages about someone else that you wouldn't want posted about you.
- ✓ **Don't** be friends with people you don't know.
- ✓ **Don't** post or send anything inappropriate.
- ✓ **Don't ever** agree to meet with someone you don't know.
- ✓ **Don't ever** tell anyone where you live or post your phone number.
- ✓ **Don't ever** send inappropriate pictures of yourself or others.
- ✓ **Don't** chat or participate in MMO audio or messaging with people you don't know in video games
- ✓ **Do** have a plan in place for when your child sees pornographic or inappropriate images/videos.
- ✓ **Do** have a plan for when a stranger tries to interact with the child online or approaches them for information.
- ✓ **Do** go through their list of friends with them and delete anyone they don't know.
- ✓ **Do** set strict privacy settings.
- ✓ **Do** research about pros and cons of social media apps.
- ✓ **Do** be "friends" or "follow" your child's profiles/sites.
- ✓ **Do** use filters on your devices.
- ✓ **Do** set boundaries about where and when your child can use electronic devices.
- ✓ **Do BE INVOLVED IN YOUR CHILD'S DIGITAL LIFE! You are the caretakers. You have the power to set the rules/boundaries.**

Helpful Websites about Online Safety, App Info, Tips, and Education and Prevention Tools for Parents/Caregivers and Children

Defend Young Minds

<https://www.defendyoungminds.com>

A great resource for online safety for kids and families. Go there to get a free copy of Family Media Standards to make healthy decisions about media use together as a family.

They believe this must be done by teaching digital citizenship, media literacy, and healthy sexuality education—including education about the dangers of online pornography.

Culture Reframed

www.culturereframed.org

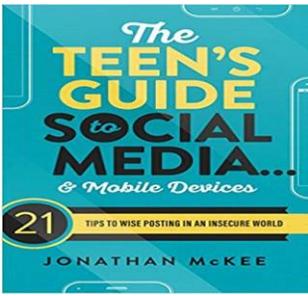

Excellent tools and education for parents and children to discuss and act on plans made for online safety. (Parents Program)

Fight the New Drug

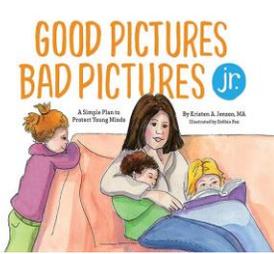

www.fightthenewdrug.org

Fight the New Drug is a non-religious and non-legislative organization that exists to provide individuals the opportunity to make an informed decision regarding pornography by raising awareness on its harmful effects using only science, facts, and personal accounts.

Books to Talk with Your Children about Pornography and Device Safety

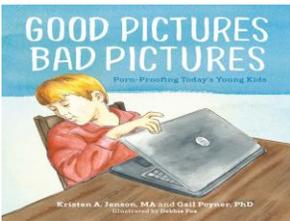

The Teen's Guide to Social Media & Mobile Devices will help you navigate the digital world with 21 refreshingly honest and humorous tips that will not only inform, but that also just might change the way you think about your social media interaction.

Good Pictures Bad Pictures, Jr.

Today's young children have unprecedented access to the internet, and they deserve to be armed early against its dangers. *Good Pictures Bad Pictures Jr.* is a comfortable, effective way to empower kids ages 3-6 with their first internal filter!

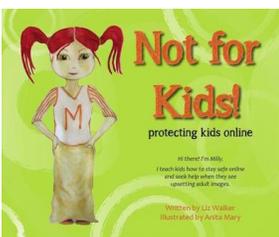

Also in Spanish

Good Pictures Bad Pictures

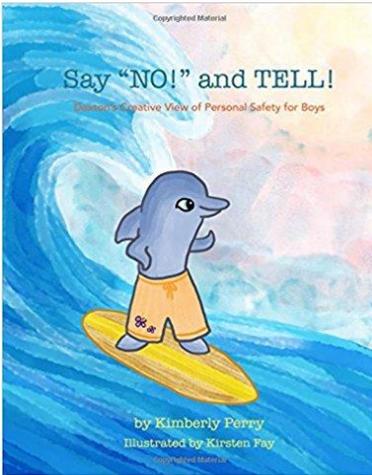

Want a natural and comfortable way to talk to your kids about pornography? This newly revised edition of the original bestseller makes that daunting discussion easy! *Good Pictures Bad Pictures* is a read-aloud story about a mom and dad who explain what pornography is, why it's dangerous, and how to reject it. Featuring easy-to-understand science and simple analogies, this internationally-acclaimed book engages young kids to porn-proof their own brains. *Good Pictures Bad Pictures* is in the top 100 best-selling parenting books on Amazon.

Also in Spanish

Not for Kids!

This children's book offers gentle and insightful guidance for parents and professionals to prepare kids under the age of 10 for the inevitable occasion of when they will see explicit imagery. Who better to step them through this than loving and vigilant caregivers?

Say "No!" and TELL!

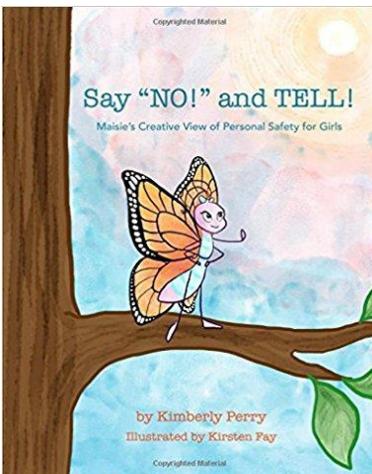

Discover Maisie Monarch's and Daxton Dolphin's creative views of personal safety in a child-friendly story form, full of imagination and adventure. Teaching body awareness, explaining boundaries, and introducing personal safety (prevention awareness of safe boundaries for private parts) are pivotal milestones for children to learn today. Valuable prevention tools are woven throughout the story in a lighthearted fashion while being considerate of preserving innocence, balancing naivety with wisdom, and emphasizing solutions. You can do your part by arming yourself with facts, statistics, and strategies. Then, empower children by equipping them with personal safety prevention skills to help them during a questionable encounter.

The target age group for the books is K to 4th grade, however "the story" section may serve as an introduction to personal safety for Pre - K to Kindergarten and possibly add "the scenarios" section as you deem appropriate. NOTE: It is highly recommended to remove the "for grown-ups only" section from the back of the book for adult reference and keep them separate from the children's portion of the book.

Reading these books with your child will help you:

- Understand the value of learning personal safety prevention tools.
- Memorize a simple "Personal Safety jingle" with action steps.
- Develop communication around this sensitive topic across the generations.
- Implement a Personal Safety Family Plan.
- Embrace the Prevention Movement and break the silence!

Internet Filters, Parental Controls and Safe Search Engines

Covenant Eyes (monthly payment) www.covenanteyes.com

Internet filter for every device/TV you own. It is not a matter of if, but when, your child sees pornography. What are you doing to protect them online? Learn what safeguards to put in place, and prepare yourself to have crucial conversations about Internet use with your kids.

Fortify (monthly payment) <https://www.joinfortify.com/>

Accountability and filters on all of your devices and electronics to restrict access to porn sites and other harmful images.

Circle with Disney www.meetcircle.com

In home device that filters all wired and wireless devices at home. Parental controls and monitoring for each individual device. (monthly payment)

Google Wifi Router (one-time payment)

Schedule a regular Wi-Fi pause on your kids' devices, like at bedtime or dinnertime. Plus, block access to millions of explicit websites.

Clean Router (monthly payment) www.cleanrouter.com

Clean Router allows parents to easily manage all devices in your home and stop internet pornography. Time management and pause allowance of each device.

Google SafeSearch (free) www.google.com/preferences

You can use SafeSearch as a parental control to help protect children from inappropriate search results on your phone, tablet, or computer. When SafeSearch is on, it helps block explicit images, videos, and websites from Google Search results.

Safe Search Kids (free) www.safesearchkids.com

Safely browse videos, images, topics without explicit content. Many more resources available.

Xfinity Parental Controls: <https://www.xfinity.com/hub/parental-controls>

Manage internet, TV controls and mobile controls through step by step instructions.

Xfinity xFi app allows you to manage every device on your network. Pause and put time limits on WiFi.

Verizon Parental Controls: <https://www.verizon.com/support/verizon-smart-family/> Your Verizon router comes with parental controls designed to allow control of Internet access on all devices connected to your home network. Set up parental controls via My Verizon or My Fios app.

iPhone Parental Controls: <https://support.apple.com/en-us/HT201304>

If your kids have an iPhone, be sure to set up the [iPhone parental controls](https://support.apple.com/en-us/HT201304) that are already on the phone. You can restrict apps, content types, privacy settings, cellular data use, and more.

Android Parental Controls: <https://families.google.com/familylink/> There are many! There are apps you can download that will best fit your needs. Take the time to research them by Google-ing online.

Use Parental Controls on Your Child's iPhone, iPad, and iPod Touch

With Content & Privacy Restrictions in Screen Time, you can block or limit specific apps and features on your child's device. And restrict the settings on your iPhone, iPad, or iPod touch for explicit content, purchases and downloads, and privacy.

Set Content & Privacy Restrictions

1. Go to Settings and tap Screen Time.
2. Tap Continue, then choose "This is My [Device]" or "This is My Child's [Device]."
 - If you're the parent or guardian of your device and want to prevent another family member from changing your settings, tap Use Screen Time Passcode to create a passcode, then re-enter the passcode to confirm. In [iOS 13.4 and later](#), after you confirm your passcode you'll be asked to enter your Apple ID and password. This can be used to reset your Screen Time passcode if you forget it.
 - If you're setting up Screen Time on your child's device, follow the prompts until you get to Parent Passcode and enter a passcode. Re-enter the passcode to confirm. In [iOS 13.4 and later](#), after you confirm your passcode you'll be asked to enter your Apple ID and password. This can be used to reset your Screen Time passcode if you forget it.
3. Tap Content & Privacy Restrictions. If asked, enter your passcode, then turn on Content & Privacy.

Make sure to choose a passcode that's different from the passcode you use to unlock your device. To change or turn off the passcode on your child's device, tap Settings > Screen Time > [your child's name]. Then tap Change Screen Time Passcode or Turn Off Screen Time Passcode, and authenticate the change with Face ID, Touch ID, or your device passcode.

Prevent iTunes & App Store purchases

You can also prevent your child from being able to install or delete apps, make [in-app purchases](#), and more. To prevent iTunes & App Store purchases or downloads:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions. If asked, enter your passcode.
3. Tap iTunes & App Store Purchases.
4. Choose a setting and set to Don't Allow.

You can also change your password settings for additional purchases from the iTunes & App Store or Book Store. Follow steps 1-3, then choose Always Require or Don't Require.

Allow built-in apps and features

You can restrict the use of built-in apps or features. If you turn off an app or feature, it won't delete it, it's just temporarily hidden from your Home screen. For example, if you turn off Mail, the Mail app won't appear on your Home Screen until you turn it back on.

To change your Allowed Apps:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions.
3. Enter your Screen Time passcode.
4. Tap Allowed Apps.
5. Select the apps that you want to allow.

Prevent explicit content and content ratings

You can also prevent the playback of music with explicit content and movies or TV shows with specific ratings. Apps also have ratings that can be configured using content restrictions.

To restrict explicit content and content ratings:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions, then tap Content Restrictions.
3. Choose the settings you want for each feature or setting under Allowed Store Content.

Here are the types of content that you can restrict:

- Ratings For: Select the country or region in the ratings section to automatically apply the appropriate content ratings for that region
- Music, Podcasts & News: Prevent the playback of music, music videos, podcasts, and news containing explicit content
- Music Videos: Prevent finding and viewing music videos
- Music Profiles: Prevent sharing what you're listening to with friends and seeing what they're listening to
- Movies: Prevent movies with specific ratings
- TV shows: Prevent TV shows with specific ratings
- Books: Prevent content with specific ratings
- Apps: Prevent apps with specific ratings

Prevent web content

iOS and iPadOS can automatically filter website content to limit access to adult content in Safari and apps on your device. You can also add specific websites to an approved or blocked list, or you can limit access to only approved websites. Follow these steps:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions and enter your Screen Time passcode.
3. Tap Content Restrictions, then tap Web Content.
4. Choose Unrestricted Access, Limit Adult Websites, or Allowed Websites Only.

Depending on the access you allow, you might need to add information, like the website that you want to restrict.

Restrict Siri web search

To restrict Siri features:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions, then tap Content Restrictions.
3. Scroll down to Siri, then choose your settings.

You can restrict these Siri features:

- Web Search Content: Prevent Siri from searching the web when you ask a question
- Explicit Language: Prevent Siri from displaying explicit language

Restrict Game Center

To restrict Game Center features:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions, then tap Content Restrictions.
3. Scroll down to Game Center, then choose your settings.

You can restrict these Game Center features:

- Multiplayer Games: Prevent the ability to play multiplayer games with everyone, allow with friends only, or allow with anyone
- Adding Friends: Prevent the ability to add friends to Game Center
- Connect with Friends: Prevent the ability to share user's Game Center friend list with third party games
- Screen Recording: Prevent the ability to capture the screen and sound
- Nearby Multiplayer: Prevent the ability to enable the nearby setting
- Private Messaging: Prevent the ability to voice chat or send or receive custom messages with game and friend invites
- Profile Privacy Changes: Prevent the ability to change profile privacy settings
- Avatar & Nickname Changes: Prevent the ability to change Game Center avatars and nicknames

Allow changes to privacy settings

The privacy settings on your device give you control over which apps have access to information stored on your device or the hardware features. For example, you can allow a social-networking app to request access to use the camera, which allows you to take and upload pictures.

To allow changes to privacy settings:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions. If asked, enter your passcode.
3. Tap Privacy, then choose the settings you want to restrict.

Here are the things you can restrict:

- [Location Services](#): Lock the settings to allow apps and websites to use location
- Contacts: Prevent apps from accessing your Contacts
- Calendars: Prevent apps from accessing your Calendar
- Reminders: Prevent apps from accessing your Reminders
- Photos: Prevent apps from requesting access to your photos
- [Share My Location](#): Lock the settings for location sharing in Messages and Find My Friends
- Bluetooth sharing: Prevent devices and apps from sharing data through Bluetooth
- Microphone: Prevent apps from requesting access to your microphone
- Speech Recognition: Prevent apps from accessing Speech Recognition or Dictation
- Advertising: Prevent changes to advertising settings
- Media & Apple Music: Prevent apps from accessing your photos, videos, or music library

Allow changes to other settings and features

You can allow changes to other settings and features, the same way you can allow changes to privacy settings.

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions. If asked, enter your passcode.
3. Under Allow Changes, select the features or settings you want to allow changes to and choose Allow or Don't Allow.

Here are some features and settings you can allow changes for:

- Passcode Changes: Prevent changes to your passcode
- Account Changes: Prevent account changes in Accounts & Passwords
- [Cellular Data Changes](#): Prevent changes to cellular data settings
- [Volume Limit](#): Prevent changes to volume settings for safe listening
- [Do Not Disturb While Driving](#): Prevent changes to Do Not Disturb While Driving
- [TV Provider](#): Prevent changes to TV provider settings
- Background App Activities: Prevent changes to whether or not apps run in the background

Find all of this info and more: www.support.apple.com and search 'Use parental controls'

For Android Devices:

Family Link App by Google

Whether your children are younger or in their teens, the Family Link app lets you set digital ground rules to help guide them as they learn, play and explore online.

Find this free app at the Google Play Store.

Guide them to good content

View their activity-Activity reports showing how much time they spend on their favorite apps.

Manage their apps-Notifications allow you to approve or block apps your child wants to download on the Google Play Store. You can manage in-app purchases and hide specific apps on their device.

Feed their curiosity-It's hard to know which apps are right for your child, so Family Link shows you teacher-recommended apps that you can add directly to their device.

Keep an Eye on Screen Time

Set limits- Allows you to set time limits and a bedtime for your child's device.

Lock their device-You can remotely lock a device whenever it's time to take a break.

See Where They Are

As long as your child is carrying their device you can locate them wherever they are.

Safer than YouTube Kids

Choosing one of these alternatives means that an organization or a parent has curated the content, not the users—as in the case of YouTube and YouTube Kids. A big plus when it comes to your child's safety! However, as with all media, parents should monitor and approve the shows their children watch.

FREE Options

[HooplaKidz](#): A fun app that does not have commercials or ads. Videos from crafting to science experiments. No direct links to YouTube makes this website much safer for kids.

[JuniorTube Edu](#): Excellent tool that allows parents to customize a playlist for their child by selecting specific videos from YouTube. *Download app on phone or tablet; parents use computer to create playlists.*

[NatGeo Kids](#): Games and videos about animals and nature. No app available, only on the website.

[PBS Kids Videos](#): Episodes kids would enjoy from Nick Jr. A lot of games that can be narrowed down to a specific age group.

[Nick Jr App](#): Episodes kids would enjoy from Nick Jr. Preschool games are fun for kids learning to read and do simple math.

[Disney Junior Appisodes](#): Episodes kids would enjoy from Disney Jr. Preschool games are fun for kids learning to read and do simple math. In addition to pictures that can be printed out and colored. This site also includes age appropriate cartoon music videos.

[Disney Music](#): Allows children to watch kid-friendly music videos from Disney; includes songs and videos from current and older movies. For the family that loves Disney!

PAID Options

Most include a free 7-day trial.

[Noggin](#): Preschool shows and educational videos for kids. Download app on phone or tablet.

[Hopster](#): Kids TV, nursery rhymes, music, fun games. Download app on phone or tablet.

[Wizard School](#): Combines videos, drawing, and interactive challenges. Download app on phone or tablet.

[Levar Burton Kids](#): Remember Reading Rainbow? Interactive library of digital books and videos.

Tips for Creating a Family Online Safety Contract

- Explain to your kids that the contract is meant to help them and keep them safe and not to limit them or make their life difficult. Talk to them about the potential dangers of online life such as cyberbullying, sexting, and online predators
- It could be a good idea to sit down and define online house rules together. If you decide to use one of the sample contracts listed below and your kids suggest a change, try to understand why. They may be right!
- Make sure you read through the different sections of the contract with your children and that everyone understands each and every item.
- Everyone should sign the contract – parents and children – to confirm that they have read and understood the terms and that they agree to them.
- Once everyone has signed place the contract in a visible place next to each computer in the house.
- As your kids grow, the contract may need revising.

Visit www.puresight.com for more information on online safety

Sample Contracts:

Family Contract for Online Safety Kids' Pledge

1. I will not give out personal information such as my address, telephone number, parents' work address/telephone number, or the name and location of my school without my parents' permission.
2. I will tell my parents right away if I come across any information that makes me feel uncomfortable.
3. I will never agree to get together with someone I "meet" online without first checking with my parents. If my parents agree to the meeting, I will be sure that it is in a public place and bring my mother or father along.
4. I will never send a person my picture or anything else without first checking with my parents.
5. I will not respond to any messages that are mean or in any way make me feel uncomfortable. It is not my fault if I get a message like that. If I do I will tell my parents right away so that they can contact the service provider.
6. I will talk with my parents so that we can set up rules for going online. We will decide upon the time of day that I can be online, the length of time I can be online, and appropriate areas for me to visit. I will not access other areas or break these rules without their permission.
7. I will not give out my Internet password to anyone (even my best friends) other than my parents.
8. I will check with my parents before downloading or installing software or doing anything that could possibly hurt our computer or jeopardize my family's privacy.
9. I will be a good online citizen and not do anything that hurts other people or is against the law. 10. I will help my parents understand how to have fun and learn things online and teach them things about the Internet, computers and other technology. I agree to the above terms I will help my child follow this agreement and will allow reasonable use of the Internet as long as these rules and other family rules are followed. _____

Teen Pledge for Being Smart Online

1. I will be respectful to myself and others. I won't bully and won't tolerate bullying by others.
2. I will be a good online friend and be supportive of my friends and others who might be in trouble or in need of help.
3. I won't post or send pictures or other content that will embarrass me, get me into trouble or jeopardize my privacy or security.
4. I will respect other people's privacy and be courteous when posting photos or other content about them.
5. I'll be conscious of how much time I spend on the web, phone and other devices and won't let use interfere with sleep, school work and face-to-face relationships.
6. If they need my help, I'll assist my parents, teachers others in their use of technology.
7. I will respect other people's digital property and space. I won't steal, hack, break into anyone else's accounts or use other's content without permission.
8. I will protect my passwords and practice good Net security.
9. I will be thoughtful in my use of copy and paste. If I use anyone else's content or images I will quote them, give them credit and link to them if appropriate.
10. I will help create a culture of respect and tolerance at my school and among my peers.

Family Contract for Online Safety ***Parents' Pledge***

1. I will get to know the services and web sites my child uses. If I don't know how to use them, I'll get my child to show me how.
2. I will set reasonable rules and guidelines for computer use by my children and will discuss these rules and post them near the computer as a reminder. I'll remember to monitor their compliance with these rules, especially when it comes to the amount of time they spend on the computer.
3. I will not overreact if my child tells me about a problem he or she is having on the Internet. Instead, we'll work together to try to solve the problem and prevent it from happening again.
4. I promise not to use a computer or the Internet as an electronic babysitter.
5. I will help make the Internet a family activity and ask my child to help plan family events using the Internet.
6. I will try to get to know my child's "online friends" just as I try get to know his or her other friends.

I agree to the above _____
Parent(s)

I understand that my parent(s) has agreed to these rules and agree to help my parent(s) explore the Internet with me.

Child sign here

Pledge for kids and teens for SmartPhone use

1. I will not touch or look at my phone when it's dangerous to do so such as driving, riding a bike or walking.
2. I will be considerate of others and not use my phone to text or talk when it may disturb others or at inappropriate times or places such as in class or in theaters.
3. I will take care not to damage or lose my phone and will let my parents know right away if it is damaged, lost or stolen.
4. I will only use apps from legitimate app stores (like the Apple App Store or Google Play) and do a little research to make sure they're appropriate and safe to use.
5. I will carefully review the privacy policies of any apps I use including what information the app collects or shares.
6. I will only use apps that share my location with family or personal friends I know from the real world.
7. I will not let my phone interfere with sleep, schoolwork or other important activities.
8. I will respect my own and other people's privacy in pictures and posts that I share.
9. I will only share pictures and videos where everyone is appropriately dressed and will avoid sharing any images that could embarrass me or others or get anyone in trouble.
10. I will treat others respectfully and kindly in what I post, what I text and how I interact socially.

Parents' Pledge

1. I will be a good role model and never text or use apps while driving or during other activities where phone use might be dangerous.
2. I will be considerate of others, including my family members, by refraining from using the phone when it might disturb people around me.
3. I will talk with my kids and set reasonable expectations about their smartphone use.
4. I will be considerate of my child and not text him or her while in class or at other inappropriate times.
5. I will take whatever action is appropriate if I feel my child has misused his or her phone or broken a family rule, but I will be thoughtful about such actions and not overreact.
